## **PAY TRAFFIC TICKETS ONLINE FOR MONTGOMERY COUNTY DISTRICT COURT**

On May 14, 2012, the Montgomery County District Court will become the fifth court in the state to take online traffic ticket payments through the Xerox Contexte case management system provided to the court by the Administrative Office of the Courts. The public may pay traffic tickets online for district court cases by visiting Arkansas Online Court Payment at <http://pay.courts.arkansas.gov>. Recipients of routine traffic tickets will no longer have to mail checks to the court. Instead, with the citation number and last name, the public may make payments online through the Xerox eTraffic module on the website.

The Administrative Office of the Courts is working with the Information Network of Arkansas (INA) to process the payments through the state's payment portal. Paying a traffic ticket has never been easier. When you visit the site, choose the court where you have the ticket; enter the citation number and your last name; and then enter your credit card information. INA assesses a \$2.30 base fee for payments up to \$50.00. Payments \$50 or more will be assessed an additional \$1.25 for each \$50.00 increment. The website accepts Visa, MasterCard and Discover.

Since its inception in 2002, the goal of the automation project is to provide statewide case management to all Arkansas courts. With the case management system in place, participating courts are able to provide complete, accurate and timely court information to the public and justice agencies. Now the courts can continue to improve public service by providing the option of online traffic ticket payment through Arkansas Online Court Payment at <http://pay.courts.arkansas.gov>.
